

Manish Kumar

Hi! I'm Manish Kumar, a Computer Science Engineering (CSE) student with a growing passion for coding, problem-solving, and exploring modern technologies like Web Development, AI, and Data Science.

I believe in learning by doing — building projects, experimenting with ideas, and constantly improving my skills step by step. Currently, I'm focused on strengthening my foundations in programming, DSA, and web technologies, while also exploring how AI and data-driven solutions are shaping the future of tech.

Educational Background

Bachelor's of Engineering in Computer Sciences and Technology

Amity University Jharkhand

Aug 2025 - 2029

- Specialization in AI and Data Science

Intermediate; 10+2

National Institute of Open Schooling
